Dinner Is Given Herricks In Honor of Their Fifty- Fifth Wedding Anniversary

The fifty fifth wedding anniversary They were married in Armo, Wisconsin of Mr. and Mrs. G. L. Herrick, was celebrated last evening at the Richmond Clubhouse by an invitational dinner given by the daughter, Mrs. A. C. Burdick.

The table arranged in the form of a square was set for the twenty five guests. The banquet room, where the dinner was given was beautifully decorated for the occasion, and with the settings of the table, an unusual and attractive sight was presented. Just five years ago the couple celebrated their gold wedding anniversary.

BIG REPUBLICAN RALLY TONIGHT

Preceded by an automobile parade and red fire, the Republicans of the county will hold their final campaign rally this evening at Lincoln and Pium. Hon. J. J. Dwyer former state

To the Memory of Rev. Calfee

By
One of his (adopted) children.

A friend to the poor and the needy,
And to all who were lonely or sad,
His life breathed the gospel of sunshine,
Just to make people happy and glad.

Just so humbly to follow the Master,
He who went everywhere doing good,
Seemed his one and his only ambition,
Just to help everyone that he could.

And the children,—Oh, how they adored him,
For he loved everyone, great and small,
His great heart, filled with love, overflowing,
Seemed to fold and encircle them all.

So he lived as he labored among us,
And his monuments, here with us yet,
Still reminds, tho we need no reminding,
Such a life we could never forget.

Now he's gone, for the Master has called him,
Gone to be with the one he loved best;
And we're sad,—tho for him we're rejoicing,
For he sings the glad songs of the blest.

We shall miss him,—ah yes, how we'll miss him,
Yet we trust, when life's journey is o'er,
And we hear the "Well done good and faithful,"
We shall meet on that Beautiful Shore.

So, Kind Father in Heaven, we thank Thee
For a life so unselfish and true;
Then, like him, may we follow our Master,
In the tasks that he bids us to do.

CORNELIUS H. BASTIN.

CHANGES IN PERSONEL NAVAL BASE COMMITTEE

Two changes in the personnel of the Congressional commission on naval base have been announced.

Senator Medill McCormick of Chicago will be unable to accompany the commission and his place will be taken by Senator Miles Poindexter of Spokane, Wash. Congressman P. H. Kelley of Michigan also finds he cannot make the investigation tour and Congressman A. E. Stephens of Ohio will be substituted for him.

The naval experts to advise the congressional commission have also been selected. Among them are Rear Admiral R. E. Conz, chief of the bureau of operations of the navy department and Rear Admiral C. W. Parks, chief of the bureau of yards and docks. Both admirals accompanied Secretary Daniels when he inspected the Richmond site in September, 1919, and are thoroughly familiar with it.

Parks, with Rear Admiral J. S. McKean and Commander J. C. Hill-ton, made up the McKean board which reviewed the findings of the Helm commission.

Four Now in Net In Connection With Pittsburg Hold-up

In connection with the hold-up of the Columbia pool room at Pittsburg Sunday morning, when a lot of men in a poker game were held up and robbed by three footpads, the officers have made a fourth arrest, Ed Wagner, aged 19, an employee of the Columbia Steel company, has been taken into custody. The others arrested are Alred Maderos, Harry Smith and Ed. Comeran. Wagner's revolver was used in the hold-up and the sheriff's office want to ascertain what he knows about the crime.

FUNERAL HIGH STUDENT HELD YESTERDAY AFTERNOON

Yesterday afternoon the funeral of the sixteen-year-old high school student, Louis Sedlmayr, who lost his life in the rice fields of Colusa County, was held at the Curry undertaking parlors. The services were conducted by the Christian Science church. Students from the high school acted as pall bearers and the cadets formed an escort. The remains were taken to Oakland for cremation.

Auto Victim is Resident of Martinez

All Could Ride In Automobiles At the Same Time

According to figures just compiled there are over 500,000 automobiles registered in California, or one to every seven persons. With just a little crowding all the people in California could take a ride at the same time.

The amount of money invested in autos reaches a stupendous sum.

C. H. Porter, 274 Fifteenth Avenue when an automobile driven by Fred San Francisco, identified the man Hansen, 2417 Fifth street, Berkeley who died at the Roosevelt hospital Wednesday morning of injuries sustained in an automobile accident as Joe Wilson of Martinez, an employee of Porter's brother, C. A. Porter. Wilson was thrown from a wagon Porter.

Long Hair and Whiskers Will be In Vogue Shortly

CHICAGO, Oct. 28.—Hair cut and shave, \$1.35.

This is the "Happy New Year" greeting 2700 Chicago barbers plan to hand customers January 1st.

They voted yesterday to raise the price of a hair cut to \$1 and a shave to 35 cents.

Laundering of towels and towels cost more, barbers say in explanation.

WORK IS TO PROCEED ON NEW THEATER BUILDING

Erecting of Framework on New Playhouse Will Progress

Active work on the long-delayed theatre building of the Turner and Dahnen company on Macdonald ave-

nue, between Eighth and Ninth streets is to start immediately. The big gin pole and boom has arrived on the ground, and the hoisting engine will arrive today.

Steel was started from the Judson Iron works yesterday and will also arrive on the grounds this morning.

By the time the hoisting apparatus and engine is set up and ready for work, the necessary steel frame work will be here, and the work of putting it in place will proceed without interruption.

FUNERAL OF REV. CALFEE AT WESLEY SATURDAY

Arrangements for the funeral of the late Rev. D. W. Calfee have been made to be held Saturday afternoon at 2 o'clock at the Wesley M. E. church. This church was the last edifice that the deceased built before he retired from active work, and it is fitting that the last honor should be paid him there.

The service will be conducted by Rev. Paul Little, pastor of the church, and the eulogy will be delivered by Dr. E. R. Willis of Red Bluff, a life-long friend of the deceased in the work of the ministry. Prayer will be offered by Rev. Dr. McAlfee, pastor of the First Presbyterian church of Berkeley. Music will be furnished by a quartette from Berkeley.

The funeral will probably be the largest that will be held in Richmond for many years, as no one was held in more high esteem than the deceased. His whole life work has been for the benefit of others.

Services at both the church and Sunset View cemetery will be public. The remains will be at the church from noon Saturday to the time of the funeral in order to give the public an opportunity to view the body.

Those wishing to furnish automobiles are requested to communicate with F. M. Neville, by calling up Richmond 279.

The pallbearers will be B. B. McWhorton, H. A. Stiver, J. C. Bly, Clinton Bradley, W. H. Conn and Isaac Lester.

Pastors Extend Sympathy
At the district conference of the Methodist church held in Oakland last evening, which is made up of the superintendent and the preachers of the bay section, Rev. Paul Little was delegated to extend the condolence and sympathy of the pastors to the family of Rev. D. W. Calfee.

Read the Record Herald for the latest authentic news.

NURSE FOR SCHOOLS OF THE COUNTY PROVIDED

Miss Rachael K. Miller, University of California graduate and a graduate of Merritt Hospital, Oakland, where she was also instructor of nurses and supervisor of the children's ward for two years, was yesterday appointed school nurse for Contra Costa County by Superintendent of Schools W. H. Hanlon. Her salary will be \$1800 per year, \$1100 of which is to be paid by the county and \$600 by the Red Cross. Miss Miller will assume her duties Monday.

With the appointment of Miss Miller the search for a competent school nurse who has an automobile is ended. Many applicants refused the appointment because an automobile is necessary in properly covering the county and none had been provided by the board of supervisors. Miss Miller will be entitled to regular county mileage fees.

Agitation for a county school nurse has been conducted for many months by the County Federation of Women's Clubs and it was through the efforts of the club women that the Red Cross was pledged to pay \$600 of the nurse's salary. Faced by the possibility that a nurse with an automobile could not be secured the federation and Red Cross chapters voted to expend \$500 remaining from sale of Red Cross seals for purchase of a machine if necessary.

PROPOSED LAWS ARE DISCUSSED AT MEETING

Much good resulted from the mass meeting held last evening at the Lincoln auditorium by the Richmond Rotary Club, for the discussion of the amendments to be voted on at the election next Tuesday.

It was an "information" meeting and there was a large crowd present, who were anxious to hear both sides of the proposed laws discussed; so they could go to the polls and vote intelligently on the questions before them.

Wilbur S. Pierce was the chairman of the evening, and he extended an invitation to any of those present to

SEARCHERS DISCOVER NO TRACE OF BOY'S BODY

No traces of the body of Harold Breen, of Berkeley, member of the crew of the steamer Nettie, who lost his life last Friday, when he fell overboard from the vessel, has been found by fishermen in this district or by authorities who have conducted a search. It was pointed out today that unless the body has been forced to the surface by a passing vessel there is little likelihood of it being found for several days. Breen is reported to have fallen from the vessel near Bay Point.

First news of the accident became known Tuesday, when Mrs. E. Breen of Berkeley, the drowned man's mother, asked the sheriff's office to aid in a search for his body. Breen resided with his mother. A sister resides in Petaluma and a cousin C. W. Alden, in Emeryville.

discuss any of the amendments. The pro and con of each amendment was taken up and each law was discussed.

OFFICIAL PAPER CITY OF RICHMOND

THINKOGRAPHS by F. J. HULANISKI

BROTHER CALFEE

It was a dark day in Richmond yesterday, for he light of a good man's life had gone out. Thousands will miss him and mourn his departure. Brother Calfee, as everybody called him, was a grand good man, in every respect, one of nature's noblemen, big of heart, generous to a fault; his whole aim in life being the Fatherhood of God and the Brotherhood of man, with charity for all. He continually sought out life's dark places among those in want or affliction and brought sunshine into shadows. No one man in Richmond ever did more good than did Brother Calfee, and probably not one ever accomplished so much for those in real need and distress.

This writer had known him intimately and loved him much for many years. He frequently sought his problems to us and we often took our troubles to him and always found good advice comfort and help. We doubt if he ever had as much as \$100 all at one time in his life, and if he did it was surely that he did not have it long, for the minute he had a bit of money he gave it away with unstinted generosity to those in need. There can not be a single blot on the record page of his life in the good book up above, and if he is not in Paradise this day, then there is none.

We shall strew flowers upon his grave, and if they be moistened with our tears it will be because we knew him so well and loved him so much. The whole world is loser by his loss, and here in Richmond none of the thousands who knew him best but what will bow their heads and with moistened eyes offer silent prayer that his reward shall be commensurate with the great good he accomplished among those who needed the love and sympathy he so freely gave.

These are days of many nice conveniences for women in the kitchen and around the house which our mothers did not have, and among the handiest things in that line for the wife is a husband who will wipe the dishes for her.

And now the income tax is to show up to plague those who have made anything at all. This would be fine and dandy if it worked out the way it was intended, but it does not. Those who pay the profit and excess profit tax go right back and add it on to the price of their goods and pass it along down to the ultimate consumer, which is nothing short of a crime.

A little baby cries a whole lot, some of us think who hear them tune up, but, come to think of it, if we had no teeth, and no hair, and our legs were so weak we couldn't stand on 'em, and we had to be everlasting wrestling with colic and an unhooked safety pin, we'd do some hollering too.

Los Angeles comes to the front with a 25-cent haircut and a number of New York restaurants have agreed to make a cut in the price of food. Slowly but surely are we getting back to sanity. America can always be depended upon to do the right thing if given time enough.

It will be remembered that the Senate also bucked upon the purchase of Alaska by Lincoln and his administration, saying it was not worth the \$7,200,000 asked for it by Russia. Now it pays us more than that amount every year in taxes alone.

ANY NATIVES ARE KILLED DURING THE OCCUPATION OF HAITI

WASHINGTON, October 27.—Natives killed in Haiti during the five years of American occupation numbered 2,250 instead of 3,250, as previously announced by the Navy Department, it was disclosed at the opening public session today of the special court of inquiry, recently appointed by Secretary Daniels to investigate the conduct of the Marines on the island republic.

Brigadier-General Barnett, former commandant of the corps, the first to appear before the court, testified that a mistake in addition had led to the erroneous announcement. Major

Edmund B. McClellan attached to the casualty record office of the corps, testified that only a very few of the natives killed had not fallen in action with the marines of the gendarmerie.

PITTSBURG GREEK LOSES 2000 GALLONS OF WINE

PITTSBURG, Calif., Oct. 27.—A boathouse belonging to Jim Neafros, a Greek, sank yesterday morning with about 2000 gallons of wine on board. The house was built of an old dredger which took fire about two years ago. It was believed that some defect caused the boat to sink. As the water is very shallow on the place where the dredger is anchored,

ANOTHER HARD PROBLEM

San Francisco and many other large cities are having a hard time properly adjusting the problem of fallen women. The question is age-old and probably never will be adjusted more than partially. Since the old time segregated districts have been broken these poor creatures have scattered all over the cities, and the police officials seem just about as willing to wink at their wrong doings, at so much per wink, as they always have been.

The trouble is with the woman vastly more than with economic conditions. There are exceptions, of course, but the rule holds true. Such women are not normal, any more than drunkard, dope fiend or auto bandit is normal. They are abnormal, and as such should be handled by the state. The police and social working societies have grappled with the problem for hundreds of years and have made little progress toward its solution.

The dope fiend, inebriate and criminal are all taken care of by the state, and the fallen woman should be, also. Everything else has been tried and failed. A prostitute is a law-breaker, and as such should be arrested and confined in a proper institution provided for that especial purpose. It should be on a farm and have pleasant surroundings, and could be made to be self-sustaining. Also she should be paid a small wage while there for work, and when she is paroled that wage should be paid her, and every effort made to get her a position and keep her straight. Then if she again breaks the law she must be treated exactly like any other person who breaks the law.

Every city and community furnishes many facilities for getting rich slowly and going broke quick.

Opium dealers in China now get their heads cut off. Drastic but effective. We recommend it to Uncle Sam in dealing with bootleggers.

When asked to sign on the dotted line, read carefully the clauses printed above in small type, and if urged to hurry, read them twice.

After reading all that each candidate and each campaign committee has called the opposition, there is no doubt but what Sherman said war was should be amended to include politics.

Two Chicago grocers and one butcher have been beaten by members of a housewives league until they were laid up in a hospital. Horrah! Fine! Attorney General Palmer ought to join that league.

Any idealist can fly by fastening feather duster wings to his shoulder blades and jumping out from the top of a skyscraper, but the chances are a million to one that he'll fly straight down and land with considerable jolt.

"Here lies one who meant well, tried a little and failed much." That was the obituary Robert Louis Stevenson wrote for a friend, and, come to think of it, it would fit most any of us pretty near right.

ed, only the first story of the house was filled with water.

Amendment 13

COMMUNITY PROPERTY ACT
Is admitted by its sponsors to be defective and to need amendment before it will work.

Vote NO

Community Property Advisory Committee

Around Our Town

For lower rents and food-a-plenty, Vote YES, Amendment Number Twenty. Sept. 27 to Oct 30

After the show, drop into the De Luxe, at Eleventh and Macdonald, for a dish of ice cream, a cup of coffee or chocolate, or a delicious sandwich.

At the meeting of the Rotary Club today C. L. Abbott and Harry Marcus will make a report of the work of the district convention of the organization held at Fresno last week.

The school trustees will call for bids for the erection of the new unit at the Stege school in the near future. Houses on property recently purchased are to be sold at public auction.

After a series of conferences the potters employed in the local plants have been granted an increase in wages of five per cent.

The Y. M. C. A. workers held a meeting at the First Presbyterian church last night.

Saturday evening at the Lincoln Auditorium the Carrie Ellsworth dancing class, will repeat the program rendered a short time ago, that was so successful. The first night hundreds were turned away, on account of the crowded condition of the hall.

On account of the death of Rev. D. W. Calfee, the social to have been given last evening by the Junior Epworth League of the Wesley M. E. church was postponed.

Mr. and Mrs. G. H. Ruz and P. Perkins of Richmond were visitors in Martinez on Thursday morning.

H. Swartout and wife were visitors in Martinez on Thursday.

Many Lawyers Are in Favor of Amendment No. 6

SAN FRANCISCO, Oct. 27.—Propaganda that Amendment No. 6 on the November ballot will change the health and quarantine laws has induced prominent lawyers in different parts of the State to give their opinion as to the actual legal effect of the measure.

Hon. George Gelder, for six years a member of the Legislature, said, when approached on the subject "No. 6, if adopted by the people, will do nothing more than permit clean, healthy youngsters to attend the public schools and the State University without being vaccinated or inoculated against their will."

Mrs. William E. Colby, lawyer and expert parliamentarian in the University, declares that "No. 6 will not, as its enemies allege, permit unclean and diseased children, or children from homes where there is contagion, to attend the public schools."

Attorney M. De Hurst, of Woodland, when interviewed, had this to say: "The propaganda against No. 6 is a compound of unwarrantable assumptions and gross exaggerations; it will not repeal or break down a single health, sanitation or quarantine law of the State, nor deprive health officers of any of their powers."

G. M. Gill, well-known Stockton lawyer, concurs with Mr. De Hurst in this opinion, and adds: "No. 6 does one thing. It takes the compulsion out of vaccination."

Attorney Charles Quayle, of Oakland, after stating that he would not have his children vaccinated, said: "I know vaccinated people take small pox and that vaccination is sometimes followed by serious injury and even death. No. 6 will meet this situation by permitting those who want vaccination to have it, and protect those who do not believe in vaccination from having it imposed upon them at the risk of their health and lives. This freedom can be obtained without loss to any and with infinite satisfaction to a large public, by voting 'Yes' on No. 6 on the November ballot."

HOT WATER FOR SICK HEADACHES

Tells why everyone should drink hot water with phosphate in it before breakfast

Headaches are caused by auto-intoxication—which means self-poisoning. Liver and bowel poisons called toxins, sucked into the blood excite the heart which pumps the blood so fast that it congests in the smaller arteries and veins of the head, producing violent, throbbing pain and distress, called headache. You become nervous, despondent, sick, feverish and miserable, your meals sour and almost nauseate you. Then you resort to acetaminophen, aspirin or the bromides, which temporarily relieve but do not rid the blood of these irritating toxins.

A glass of hot water with a teaspoonful of limestone phosphate in it drunk before breakfast will not only wash these poisons from your system and cure you of headache, but will cleanse, purify and freshen the alimentary canal.

Ask your pharmacist for a quarter pound of limestone phosphate. It is inexpensive, harmless as sugar.

If you don't feel your best, if tongue is coated or you wake up with bad tongue, foul breath or have colds, indigestion, biliousness, constipation or sour, add stomach, begin the phosphate hot water cure to rid your system of toxins and poisons.

"Correct lubrication makes a good car better"

You cannot expect one hundred per cent performance and long life for your car unless it is correctly lubricated. Correct Lubrication is a science. Our Board of Lubrication Engineers study the lubrication needs of all makes of automobiles. By their recommendations of the correct grade of Zerolene for each make of car they are bettering the performance and lengthening the life of automobiles everywhere. You, too, should use Zerolene of the correct grade for your car. Get a Zerolene Correct Lubrication Chart for your car at your dealer's or at our nearest station.

These Charts Show Why Your Electric Light Bills Are Higher Now Than In Summer

Study the above charts. The one at the left shows the relative number of hours of daylight and darkness and the hours of use of Electric Light in each day during the Spring and Summer.

The chart at the right shows the same comparison between daylight and hours of use of Electric Light, but for the Fall and Winter months.

You will notice that there is two thirds more darkness in each day during the Fall and Winter than in the Spring and Summer, and, that on account of it, it is necessary to use your Electric Light nearly three times as much every twenty-four hours as in the Spring and Summer.

It is only natural, therefore, that with this increased consumption of Electricity for lighting, your Electric Light bills will be somewhat higher.

Common Sense

The first of the proposed measures on the November ballot is the "Alien Land Law." Before voting on it November 2, we ask you to consider these facts:

¶ The population of California is 3,426,526 of which only 2.2 per cent are Japanese. In 1919 more white children were born in the state than the total of Japanese births for the ten years preceding.

¶ California should not be placed in the position of 97.8 per cent of her population being in fear of 2.2 per cent.

¶ In the last ten years our population increased 1,058,987. It was a 44.1 per cent increase, while that of the whole United States was only 14 per cent. Does that look like the state is being destroyed by its 2.2 per cent Japa?

¶ Our food supply is not keeping up with the increase of population. The first seven months of this year we did not produce enough to feed our own people; imports of food increased \$1,500,000,000.

¶ Why expel the Japanese farmers who raised \$67,000,000 worth of food last year?

¶ To persecute them off the land will make the shortage of farm labor more acute, put thousands of acres out of cultivation, reduce our food supply and inflict economic injury to the State.

¶ Japanese labor on land is non-competitive. It gets the highest farm wages paid in the world. This initiative will drive it from non-competitive labor on land to competitive labor in the cities, where it consumes but no longer produces food. This change is equally injurious to city labor and to the consumers of food. This view was taken by the Labor Councils of Stockton and Sacramento in resolutions opposing "the removal of the Oriental from land to the industries."

¶ Japan permits a corporation, though composed entirely of non-Japanese, to own in fee simple all the land it can buy. It also allows alien individuals to lease land of any kind for fifty years, and to acquire superficies for unlimited period. Yet Initiative No. 1 denies this reciprocal right to a handful of Japanese in California.

¶ Foreigners in Japan by concessions in perpetuity own with improvements land worth many millions on which they do not even pay taxes. Yet Initiative No. 1 seeks to deny the industrious Japanese in California the human right of even leasing land for productive purposes.

¶ Much has been said of the Japanese law which claims the allegiance of Japanese born in America. French law claims a child born abroad of French parents as a French citizen, subject, if a male, to military service the moment he enters French jurisdiction. Switzerland, Italy, Greece and Germany have similar laws.

¶ Japan is more liberal than these countries, for she allows a child born abroad of Japanese parents to relinquish allegiance to Japan at any time before the age of 17.

¶ Our National Government alone has power to settle all international questions. We look to Eastern Asia for expansion of our trade. These anti-Japanese movements, and the vituperation and abuse by agitators, and this initiative, do not represent Americanism. They disgrace and embarrass our National Government. Why do it, and injure ourselves at the same time?

¶ Our Secretary of Commerce reports that in the eight months, ending August 31, this year, we sold our goods to Asia and Oceania as follows:

To Dutch East Indies	\$ 34,995,550	
To China	96,311,017	
To Australia	73,054,230	\$ 331,195,036
To British India	65,744,078	
To The Philippines	61,090,161	
To Japan		\$ 328,663,681

¶ Japan bought of us within \$2,531,355 as much as all Asia and Oceania combined. Is it wise to alienate that commerce by mistreating the Japanese in California?

¶ Vote NO on Initiative No. 1 on November 2.

Medicos Banquet at Crockett

The California Hawaiian Sugar Refining Company entertained the members of the Contra Costa Medical Society at a delightful banquet in the Hotel Crockett on Wednesday evening at which members of the organization from practically every town in the county were present.

An elaborate dinner was served early in the evening and Dr. O. Malley of Crockett, president of the organization presided, introducing Dr. McLain of San Francisco who gave an interesting address to the medicos on the prolapse of the

stomach and intestines. His remarks were illustrated with stereoscopic views.

Following the remarks of Dr. McLain, G. Susane, representing the Lungmotor Co., gave an illustrated lecture on the advantages of the device for resuscitating life.

A report on the campaign of the medical association to defeat amendments 5, 6, and 7, was given and the report from various parts of California showed that the campaign had been more active in Contra Costa than any other section of the state.

The Best of Luck The Attraction At the Richmond

While the Premier of Italy was having trouble with a certain poet who defied his government, the Premier's nephew, a motion picture actor, was also at odds with a literary man—this a scenario writer—who made him die seven times in one day.

Premier Nitti's nephew Frederic Malatesta, plays the "heavy" in the D. Urry Lane melodrama, "The Best of Luck" produced by Screen Classics, Inc., at the Metro studios in Hollywood at the Richmond Theatre today and tomorrow. Albert S. Le Vain was the scenarioist who gave the Premier's kinsman more than his share of acting. (It happened that Le Vain, like the Italian poet, D'Annunzio, who gave the Premier his nightmares, is an ex-aviator.)

In the melodrama the villain dies only once, or, at least, the scenes showing his death are photographed from different distances and viewpoints in order to obtain the "long shots," "closeups," and views from various angles called for by the script. As a number of rehearsals were held, and then the actor was called upon to "die" seven times for the camera in addition, his day's work was far from enjoyable.

Ray Smallwood directed the English melodrama, by Henry Hamilton and Cecil Raleigh, and produced under the supervision of Arthur Collins at the Theatre Royal, Drury Lane in London. Jack Holt, Kathryn Adams and Lillie Leslie are others in the all-star cast of this Screen Classics, Inc. feature, which was supervised for the screen by Maxwell Karger, Director General.

Get the One Who Can
(Help You Sell Your Goods)

WE have the
ability to help
you sell your goods and
we can do this at a
reasonable cost to you.

Economy and standardization are the watchwords here. We use Hammermill Bond, the standard, economical, business paper and we turn out a grade of printing that brings results for our customers.

LET US SHOW YOU

Martinez-Avon Highway About Ready for Public

Autoists will be pleased to know that the Martinez-Avon highway which is being constructed of oil macadam will be ready for the traveling public within the next ten days.

Completion of this unit of the highway system will give two finished and unbroken stretches of highway from Oakland to the eastern limits of the county—one by way of the waterfront via Martinez and Pittsburg and the other via the Tunnel highway to Pittsburg.

Completion of this unit will be a boon to travelers between Pittsburg and Martinez as now a long detour via Pleasant Hill and Concord is necessary.

Local Members To Attend Oakland Memorial Services

This evening at the council hall at Oakland, annual memorial services of the Security Benefit Association will be held by the lodges of San Francisco and the East Bay cities.

Those who will attend from Richmond Council, No. 2801 are Mr. and Mrs. John Alexander, Mrs. Dr. Alderson, Mrs. May Page, Mrs. Beulah W. Miller and Mr. and Mrs. I. McGuffin.

Royal Neighbors Modern Woodmen In Joint Social

At W. O. W. hall this evening there will be a joint social given by the Royal Neighbors and the Modern Woodmen. There will be an interesting program, good music and dancing. The social is in charge of C. H. Campbell as chairman.

The program to be given is as follows:
Dance by Baby Keely.
Song and music by Mildred McCormick.

Dance by Dorothy Wood.
Reading by Virginia Echer.
Song and dance by Dorothy Osborn.
Vocal solo by Gloria Osborn.
Lecture by A. Bright.

LEMONS HELD TO ANSWER ON CHARGE OF FELONY

Yesterday afternoon Judge Odell held Miguel Lemosto answer before the Superior Court on a charge of assault with a deadly weapon with intent to commit murder. It will be remembered that in a drunken row a short time ago, at the Mexican camp of the Santa Fe, the defendant shot a woman, Camilla Estrada in the hand.

REDUCTION MADE IN
WAGES OF FARM LABORERS
LOWE, Oct. 28—Farmers of this
don have decided to reduce the

wages of farm laborers to \$2.50 a day,
effective November 1, because of the
decline in farm products. The wages
now paid range from \$4 to \$6 a day.

Redmen Carnival Will Open Big Show on Monday

It so happens that there are a few men adapted to create amusement devices and then bring them to you, that you may be amused and entertained. In so doing, they help to make the world a better place to live in—that is the "glad way."

On Monday the wonderful aggregation known as Foley & Burk Combined Shows will turn First street grounds into a fair-sized city—where in you will find shows to amuse and educate; rides to thrill; sensational free acts to amaze; a wonderful concert band and a thousand and one curious things that make Kila-How-Yah.

The shows are larger than in 1918. They have traveled many thousands miles and entertained uncountable numbers, always with the thought of creating hours wherein one may forget there is such a thing as worry. Yes, there is one show known as the "dispeller of the blues." You can't miss it, when you arrive on "Glad Way," and someone says "bughouse." Visit it, you will immediately forget that you ever had a worry and were blue.

Want a thrill? Step over to the speedway. Want to rise above town? Try the Ferris Wheel. Lover of horses? See Yuma at the circus. Then if you are a lover of drama, try "Monkey Town." Clever dumb actors enact a play so perfectly that you can follow the lines without ever hearing a line spoken.

Ha! You say, press dope, they all count for anything. Messrs. Foley & Burk should know just what Mr. and Mrs. Public want. Monday night, Nov. 1st, they will submit it all for your approval. The Redmen are sure you will find something that you will like.

Kansas Farmers Go on Strike And Picket Roads

CHICAGO, Oct. 28.—Farmers in Kansas are picketing roads and urging their "strike" against declining prices in grains, according to reports received here today by Chicago brokers.

Near Wichita, Kan., according to these reports, farmers who insisted on taking grain to warehouses were jeered and booed. At Hutchinson, Kan., advisers here said elevators turned away cars because they did not have grain to load.

Iowa farmers have been asked by E. C. Cunningham, secretary of the Iowa State Farm Bureau, to hold their grain until prices rise.

Cunningham declared it cost farmers \$1.88 to harvest a bushel of wheat and 75 cents for oats.

De Vries Receives Sentence States Prison of 14 Years

SAN FRANCISCO, October, 28.—John De Vries, former inspector for the State Board of Pharmacy, who was convicted last week of perjury by a jury in Superior Judge Roche's court was today sentenced by Judge Roche to a term of from one to fourteen years in San Quentin penitentiary. An appeal will be taken by De Vries' counsel, Senator Frank Carr and Attorney Charles E. Brennan.

Sentence was pronounced on De Vries before a crowd that filled the courtroom. Before announcing the penalty, Judge Roche asked De Vries if he "thought he should be given a sentence" and De Vries replied by again asserting his innocence.

3 Men Injured By Explosion Of Gas in Tank

VISALIA, Oct. 28.—Three men were seriously injured, one perhaps fatally, when firedamp exploded today in an oil tank they were cleaning. A new sample room building, belonging to the Hotel Johnson, was wrecked by the explosion.

The injured men were Frank K. Noble, William Honie and J. Eckhardt, all of Visalia. Eckhardt may die.

The men were cleaning the oil tank which had been recently installed in the rear of the Hotel Johnson. Some one, either in the tank or nearby lighted a match, the accumulated gas exploded, with terrific force.

INCREASING RATE OF INTEREST WOULD BE BURDEN TO TAXPAYERS

The Taxpayers Association of California are urging the voters to cast their vote against Amendment 9 on the ballot. This amendment is to increase the rate of interest on state highway bonds. Here is what the association has to say in regard to the measure:

"In the opinion of this association the conditions existing last June, when the Highway Bond Amendment was framed, were not sufficient to justify such a radical and costly proposal. But whatever might be said on that point, it is widely admitted that conditions now certainly do not justify the people in voting away an additional \$12,000,000 in interest alone. Should this measure carry the interest on \$37,000,000 worth of bonds at 6 per cent would jump from \$36,000,000 to \$48,000,000. If we add to this, as we must, the cost of retiring the principal of the bonds, we face a total cost of \$85,000,000 for the use of \$37,000,000. It is a bad business."

"State Treasurer Richardson and other authorities declare that the bond market is improving and that the proposed interest increase should be defeated."

M'Graw Indicted For Violation of The Volstead Act

NEW YORK, Oct. 28.—John J. McGraw, manager of the New York Giants, today was indicted by the federal grand jury on a charge of violating the Volstead act. The indictment grew out of a fracas at the "Lamb's" club last August between McGraw and John C. Slavin, a musical comedy actor. The indictment charges that on that date McGraw had illegal possession of a bottle of whisky.

Mother Saves Four Children From the Flames

REDWOOD CITY, Oct. 28.—Awakened shortly after midnight to find her home in flames, Mrs. Amy Kenny, wife of John Kenny, naval instructor at Goat Island, carried her four small children out of the burning house to safety and then collapsed from fright and shock. Alone in the house with the children, the eldest of which is John, aged 9 years, Mrs. Kenny carried them one at a time from the flame-enveloped building. The house, which is situated in an isolated spot near Emerald Lake, was burned to the ground. Friends and neighbors are caring for the homeless family.

NEWSPAPER WOMAN AN
ALLEGED KIDNAPPER
NEW YORK, Oct. 28.—Miss Betty Brainerd, newspaper woman of Tacoma, Wash., charged with kidnapping the 2-year-old son of George T. Stage, will leave tonight with Captain Strickland, of the Tacoma detective force to face the accusations. Governor Smith signed extradition papers in her case today.

Many Fair Co-eds Paying Their Way Through College

BERKLEY, Oct. 28.—That a large percentage of the women students at the University of California are self-supporting is shown by the figures compiled by Mrs. Lucy Stebbins, dean of women. More than fifteen hundred applications are on file for positions desired by the co-eds, and hundreds more have been filled by the university employment office. Three hundred co-eds are earning their way through college by doing housework, and many others are working in restaurants and boarding houses. The demand for skilled typists and stenographers cannot be met by the university, however, few of the girls having any experience in these branches of work. A complete list of the number of co-eds who are wholly or partially self-supporting is being collected by the university.

Scaffold Will Drop at San Quentin At 10 a. m. Today

At 10 o'clock this morning Arthur Collins formerly of Denver, Colorado, will be hanged at the state prison at San Quentin for the murder of Donald Hathaway, a policeman of Los Angeles, early this year. Collins was taken from the condemned row to the death cell last night.

What price for a player piano?

A Player Piano should be more than a handsomely polished case. It should be a reliable INSTRUMENT. It should give joy for years—joy of tone, of action, of dependability.

But it cannot be a reliable instrument unless its quality—quality in materials and quality in craftsmanship—is INBORN.

Frankly, a Player Piano under present conditions cannot be had under \$695 and receive the usual Sherman, Clay & Co. guarantee.

But a satisfactory Player Piano CAN be had from \$695 up, at least until the price is affected by increased freight rates.

Let the convenience of our terms enable you to own a GOOD Player Piano. There is no risk with this kind of an instrument.

BOILS
And High Blood Pressure

Oakland, May 17, 1920.

"From boyhood I have suffered from boils due to impure blood. My blood pressure was so high that for a long time I had severe headaches and my body was continually wet with excess perspiration.

"After having been treated by many doctors, I finally found one who cut me out about twenty-five times, I quit. I then tried a milder remedy in the form of the FONG WAN CHINESE HERB TEA. I took the herb tea faithfully for about three months, during which time my blood was THOROUGHLY CLEANSED OF ALL IMPURITIES. When my blood had thus become pure and rich, my skin automatically disappeared, and my blood pressure also became normal. I therefore no longer suffer from either headache or excess perspiration.

(Signed) ALWYN SPRINGER.

CONTRACT FOR IMPROVEMENT KEARNY STREET IS AWARDED

But a short session of the trustees of El Cerrito was held last evening. The bid of Fred Meyers, Jr., for the improvement of Kearny street was accepted and the contract ordered to him. The improvement will property owners on the street \$3.90 per front foot, and property on intersecting streets 65 cents per foot. An ordinance regulating the taking of water from fire hydrants, and providing a fine for a violation of its provisions was adopted. On November 11th bids will be received for the construction of a storm sewer on Kearny street between Central and Fairmont avenues. The street committee recommended the construction of a concrete culvert on Behrens street, and city attorney H. J. Wildgrube was instructed to draw up the necessary papers.

Wholesalers Make Big Reductions in The Price of Goods

ST. LOUIS, Oct. 28.—"We are taking our medicine."

This was the huge sign hung over the front of the Carleton Drygoods Company building as a wave of price slashing on millions of dollars' worth of drygoods swept over the St. Louis wholesale district today.

Reductions of as much as 50 percent were announced by some houses on certain lines of drygoods.

St. Louis is swarming with buyers and immediate reduction in retail prices over the Middle West will follow, wholesalers predicted.

LOS ANGELES, Oct. 28.—Announcement of a drastic cut in the prices of drygoods amounting in some instances to as much as 50 per cent, has been announced by M. G. Cooper president of the Cooper, Coats & Casey Drygoods Company, one of the largest wholesale concerns of the kind on the Pacific Coast.

According to Cooper the principal reason for the reduction follows a heavy decrease in manufacturing costs.

The Shinolas will give a dance on the evening of November 10th.

Mr. and Mrs. R. W. Hyatt and family departed yesterday afternoon via auto for Long Beach, where they will make their future home.

Wilbur Dramatic Show Returning To Richmond

The Dick Wilbur Players who established themselves as favorites in Richmond last April are coming back for a week's return visit opening on Wednesday night November 3rd. The Wilbur Players are appearing in their own Tent theatre which will be located at 8th and Bissell.

The company has enjoyed an extensive tour of the state, during their absence and are coming back with a repertoire of up-to-date and high-class comedies. Vaudeville will be introduced between the acts, and a large "jazz" orchestra will render the latest tunes.

NARBETT COMPLETES PLANS FOR NEW UNIT TO SCHOOL BUILDING IN STEGE DIST.

Architect James T. Narbett has the plans for the addition to the Stege school completed, and they will be turned over to W. T. Telms, secretary of the board of school trustees today. Bids for the construction of the first unit of what will be a permanent and modern building will be asked.

PUT CREAM IN NOSE AND STOP CATARRH

Tells How To Open Clogged Nostrils and End Head-Colds.

You feel fine in a few moments. Your cold in head or catarrh will be gone. Your clogged nostrils will open. The air passages of your head will clear and you can breathe freely. No more dullness, headache; no hawking, snuffing, mucous discharges or dryness; no struggling for breath at night.

Tell your druggist you want a small bottle of Ely's Cream Balm. Apply a little of this fragrant, antiseptic cream in your nostrils, let it penetrate through every air passage of the head; soothe and heal the swollen, inflamed mucous membrane, and relief comes instantly. It is just what every cold and catarrh sufferer needs. Don't stay stuffed-up and miserable.

The "Blind" Leading the Blind

That's what happens when a price-cutter tries to sell a bargain-seeking customer the old kind of goods, in smaller packages, at higher prices, as the customer thinks a bargain is being offered because the price is cut, when it is actually higher than should be paid in comparison with an available new, improved article of greater value.

One will not see the opportunity; the other does not see it.

The Service grocer's business is not only to take care of his customer's requirements by delivery, credit where justified, phone convenience, and attention to their needs, but by study of the new goods that cut the H. C. L. and selling these better-value products.

That's why we recommend Ryzon, the Perfect Baking Powder. It will do anything any other baking powder will do, and do it better, at less cost. Ryzon is packed in a full 16-ounce pound at 45c, less is required for better results, and the price is lower than other high-grade baking powders sold for before the war.

It is used and endorsed by the leading bakers and chefs of America. It will please you. Try it and you will see what we mean by our "service" to our customers on new and better groceries.

Hold Temporary Bonds till Feb. 1 Advice of Banks

The Federal Reserve Bank of San Francisco is broadcasting a warning throughout the Twelfth Federal Reserve District to holders of Fourth Liberty Loan temporary coupon bonds not to present their bonds for exchange into permanent coupon bonds of that issue prior to February 1.

The permanent coupon bonds of the Fourth Loan are not now available because of unavoidable delays in printing. Despite previous advices, thousands of dollars worth of these bonds have been sent or offered to the federal reserve bank through banks and by individuals, resulting only in confusion and disappointment to the owners of the bonds because of inability to effect the exchange now.

Fourth Liberty Loan 4 1-2 permanent registered bonds may be obtained at any time.

The only temporary Liberty Loan coupon bonds at present being accepted for exchange for permanent bonds are:

First Liberty Loan, 4 and 4 1-4 per cent; Second Liberty Loan, 4 and 4 1-4 per cent; Third Liberty Loan, 4 1-4 per cent.

The Federal Reserve Bank has already advised all local banks throughout the Twelfth District not to accept Fourth Liberty Loan coupon bonds for exchange prior to February 1. "Ob-servance of this request," said Governor John U. Calkins, of the Federal Reserve Bank of San Francisco, "will not only avoid misunderstanding and disappointment on the part of Fourth Liberty Loan Temporary coupon bond holders but also facilitate the work of the Federal Reserve Bank in expediting exchange operations of the First, Second and Third Liberty loan bonds now going on."

Miss Elizabeth Cheston is captain of the Philadelphia's Women's Hockey Club which is sending a team to meet the best women's teams of England and Scotland. She plays left inside.

IF SKIN BREAKS OUT BURNS AND ITCHES APPLY SULPHUR

Just the moment you apply Mentho-Sulphur to an itching burning or broken out skin, the itching stops and healing begins, says a noted skin specialist. This sulphur preparation, made into a pleasant cold cream, gives such a quick relief, even to fiery eczema, that nothing has ever been found to take its place.

Because of its germ destroying properties, it quickly subdues the irritating and healing begins, says a noted skin specialist. This sulphur preparation, made into a pleasant cold cream, gives such a quick relief, even to fiery eczema, that nothing has ever been found to take its place.

You don't have to wait for improvement. It quickly shows. You can get a little jar of Mentho-Sulphur at any drug store.

TWO MEN ELECTROCUTED BY HIGH VOLTAGE LINE

GRASS VALLEY, Oct. 27.—Two electricians, Henry Wark of Grass Valley and a man named Connors, whose first name and address are unknown to the authorities, were electrocuted today on the new power

line of the Pacific Gas and Electric Company, between the Colgate and Drum power houses, fifteen miles northwest of here. One end of a length of wire the men were rolling up came in contact with a cable carrying 30,000 volts, instantly killing the two men.
